The SWxSW Corner CISMA continues to work with our District to help identify, monitor & manage invasive species. If you're having an issue with invasives, or if you've seen them nearby, report them using MISIN, or contact Nor Serocki at 269-657-4030x5 or [eleanor.serocki@macd.org](mailto:eleanor.serocki@macd.org) for a free home visit.

*This project was funded in part with funds from the Michigan Invasive Species Grant Program through the Departments of Natural Resources, Environmental Quality, and Agriculture and Rural Development.*
